

Andrews Chapel Restoration Committee
Minutes of meeting held July 20, 2016

Members present: Deb Bogardus, Marilyn Cassidy, Toni DiLisio, Howie Vatcher, Mary Cassidy

Deb reported that we have received the invoice from Saulnier for the work done on the border around the Chapel floor. We have also received Ron Trepasso's invoice for staining the baseboards. These were paid when received.

Deb also reported that Gino said that bringing water in for a possible restroom will not be possible because the area is on ledge. Another solution will have to be found and this discussion will take place when Dave and Dana can be present. Deb was told that the work on the Handicapped Accessible Ramp will start next week.

Marilyn reported from research for a rug. She showed several photos of rug designs. This would be a rug for the center aisle and at the entrance. The cost for a machine made Oriental design rug to fit that area would be approximately \$1,177 to \$1,536 not including a pad and labor. Mary questioned whether a rug in the center aisle was necessary and also stated that it would cover up the wood floor that has just been restored. This will be discussed at a later meeting with the entire committee.

Howie showed the frame for the Isaac Andrews picture that he has repaired. Those present complimented him on the beautiful work. He also repaired the original plaque so that it is now readable. He will also attach the donor plaques to the pews and windows with the help of a template that he designed. He will oversee the final securing of the pews to the floor with the DPW workers. Thank you, Howie!

Marilyn suggested a book for the entry table with photos of before and after the Andrews Chapel Restoration. Shutterfly was suggested as a way to create this. We will ask Dave's help with this. The idea was well received. We will look into historic bookends for the table, as well.

The rest of the meeting was spent deciding the order and placement of the donor plaques on the pews and windows using the actual brass plaques.

Deb reminded us that the Chapel will be included in Trails and Sails on Sept. 23-24. We all plan to be there to give tours of the Chapel.

Respectfully submitted by Mary Cassidy, secretary
