The Harbor and Waterfront Advisory Committee Meeting

Virtual Meeting Minutes

Monday, May 1, 2023

7:00 pm

Attending: Jackson Schultz, Alan Van Arsdale, Ted Dooley, Amy Powell, Whisky, Ulf Westhoven, Jay Borkland and John McAlister from McAlister Engineering

The first agenda item was for public comments. Mary DeCillo had some questions as to whether we could still have a meeting without a quorum. During that discussion, we reached a quorum, so we thanked her for her input and went on to our second agenda item, our second application to Seaport Economic Council for additional funding to get the pier up to 60% design. The application showed the two possible locations for the pier, next to the existing pier and the other between the parking lot and Chaisson Park, basically an extension of Greenwood Ave. The Town's request is for \$212,800 along with the Town's match of \$53,200, for a project total of \$266,000. The vote was unanimous to submit the application. The conversation then moved to the Living Reef. I talked with Ellen Cebula from SEC and she said that she would set up a meeting for us with Coastal Zone Management to discuss our living reef proposal. From there the conversation moved to the topic of public outreach. Venues such as the High School and the SYC were suggested as well as a return to the Farmer's Market. With no further discussion, the meeting was adjourned.
